# YOUTH SUMMER CAMPS

## CIT (Counsellor in Training) Survival Camp

During this 2 week camp youth will be given the opportunity to grow their skills as a counsellor gaining job experience and a CIT Certification! Dedicated to youth entering grade 6-9, youth that attend the first week of Counsellor In Training (CIT) can also choose to attend an additional week of their choice at no additional cost to support our younger campers with the skills they have learned. Additional weeks are limited so act fast!

## Keystone

Do you want to make money this summer? During our week together youth will learn how to build and run their own business. On our final day of camp each youth will partake in a market where they can sell their goods and services!

## Lab Rats

Throughout our week at camp youth will discover all things Science and Technology. Learn about Clean Energy by using hydrogen to drive a car, Code robots and discover microscopic worlds using microscopes!

## Camp Olympia

Do you have a passion for all things recreation? During our week at camp youth will partake in all types of sports and games as well develop some of their own! Learn about your passion in sports can become a career!

## Art Zone

Discover new styles of art and learn how art has changed throughout history! From Make-Up FX's to Architecture, Graphic design to pottery, during our week of camp we will build a portfolio like no other!

# LEARNING LOSS PREVENTION SUMMER CAMPS

## Brain Gain - Superhero Training

Is it a bird? Is it a plane? No, it's our super campers! During our 2 weeks of camp, you will sharpen your hero skills through solving mysteries, mad science experiments, and training your superpowers. Whether you're designing your costume or breaking a villain's secret code, you will have a super time at camp!

## Brain Gain - Zoo Kids

Are you ready for a WILD summer? During our 2-week camp you will explore all nature has to offer right here in Saint John! With plenty of Hands-on Projects, Live Virtual Tours of the Toronto Zoo, and a special visit from Moncton's Traveling Zoo; you will have a turtle-y great summer!

## South End Community Center (SECC) - South End Saint John

This free education program is designed to combat summer learning loss. Youth will participate in a variety of fun math and literacy activities designed to maintain their academic levels and social emotional opportunities during the summer. Trips to the splash pad, Sports and Art activities will keep youth excited and engaged all summer long!

# GET ACTIVE SUMMER CAMPS

## Survival Camp

Reconnect with nature! Learn about the great outdoors and how to survive in the wilderness through safe hands on experiences. Topics covered include fire building, shelter building, archery, foraging and filtering water. Each week offers a in depth outdoor education curriculum that repeats each week so no matter what week you sign up for you won't miss out!

## Summer Ball Hockey League

Register today for our BGC Summer Ball Hockey League. Our FREE league offers 2 divisions;

## Mini (ages 5-8) and , Junior (ages 9-12)

Our fun league teaches kids fundamental hockey skills, fair play, sportsmanship and provides an equal opportunity for all league players. We operate our league with 2 weeks of evaluation followed by 8 weeks of league play. This league is intended for kids of all playing abilities. All staff and coaches promote a fun, inclusive space to learn!
